A Season of Growth & Gratitude

What a remarkable quarter it has been! April, May and June brought with them not just cooler mornings, but a warmth in everything our community has created together. From the laughter in our woodworking sessions to the thoughtful conversations sparked at our Blooming Collective talks, we are continually amazed by the depth of connection and generosity that defines this Shed.

Volunteer Week in May was a particular highlight. Watching our members show up — not just to learn, but to give their time, their knowledge, and their encouragement to others — reminded us of why we started this community in the first place. This week we also wrapped up the Be Connected program with 35 participants developing new digital and technology skills. It has been wonderful to see members build confidence, learn practical skills, and connect with others through the program. Every contribution matters, and this quarter that has never felt more true.

We were also delighted to secure two grants that will support our work in the 2026/27 financial year. We extend our sincere thanks to the City of Subiaco and AMSA for their support, which will help us continue delivering meaningful programs and opportunities for our community. Three of our members have successfully completed safety training for Shed Supervisors, ensuring we continue to provide a safe and welcoming environment for everyone who participates in our activities.

We are continuing to work very hard in our search for a permanent home, with the committee dedicating significant time and energy behind the scenes to explore every opportunity. Securing a dedicated space remains one of our highest priorities, and we are committed to keeping our community informed every step of the way. We will share an update with everyone as soon as we have news to announce. Thank you for being the heart of this community. Your ongoing support, enthusiasm, and encouragement inspire us every single day.

Support Us - We Are Registered!

You can now donate your 10c refunds to the Shed with every container helping to support the growth of our community. Funds raised will go towards securing our new permanent home, purchasing new equipment and tools, and expanding activities and opportunities we can offer our members.
